If the Supplier does not accept the correction of the errors, its bid will be rejected, and its bid security may be forfeited.</p> <p>26.3. 	<p>26.4. Prior to the detailed evaluation, the Company will determine whether each bid is of acceptable quality, is complete, and is substantially responsive to the Bidding Documents. For purposes of this determination, a substantially responsive bid is one that conforms to all the terms, conditions, and specifications of the Bidding Documents without material deviations, exceptions, objections, conditionality, or reservations. A material deviation, exception, objection, conditionality, or reservation is one: (i) that limits in any substantial way the scope, quality, or performance of the offered product; or (ii) that limits, in any substantial way that is inconsistent with the Bidding Documents, the Company's rights or the successful Bidder's obligations under the Contract; or (iii) the acceptance of which would unfairly affect the competitive position of other Bidders who have submitted substantially responsive bids. The Purchaser's determination of a bid's responsiveness is to be based on the contents of the bid itself without recourse to extrinsic evidence.</p> <p>26.5. If a bid is not substantially responsive and meeting the minimum eligibility criteria will be rejected by the Purchaser and may not subsequently be made responsive by the Bidder by correction of the nonconformity.</p> <p>26.6. Partial Bids are acceptable/not-acceptable. Bids submitted without signed Bid Form by authorized nominee of the bidder will be rejected. Bids with material deviation, exception, objection, conditionality, or reservation will be rejected. Bids with multiple options will be rejected. Bids submitted late will be rejected.</p>
